

Precision Measuring Instruments

BHJ Products offers a wide selection of high-quality, precision Measuring Tools and Instruments to aid in accurate engine preparation. Many Measuring Instruments not listed below can also be supplied by request.

Outside Micrometers

- 0"-1" Outside Micrometer, .0001" graduations, w/fitted Case
- 1"-2" Outside Micrometer, .0001" graduations, w/fitted Case
- 2"-3" Outside Micrometer, .0001" graduations, w/fitted Case
- 3"-4" Outside Micrometer, .0001" graduations, w/fitted Case
- 4"-5" Outside Micrometer, .0001" graduations, w/fitted Case
- 5"-6" Outside Micrometer, .0001" graduations, w/fitted Case
- 0"-3" Outside Micrometer Set including top three Micrometers shown above w/fitted Case
- 0"-6" Outside Micrometer Set including all six Micrometers shown above w/fitted Case
- 0"-12" Outside Micrometer Set including 12 Micrometers w/fitted Case

Inside Micrometers

- 2"-8" Inside Micrometer Set w/fitted Case

Depth Micrometers

- 0"-6" Depth Micrometer Set w/fitted Case

Dial Bore Gauges

- .250"-.400" Dial Bore Gauge Set for valve guides
- .750"-1.500" Dial Bore Gauge Set for lifter bores
- 2"-6" Dial Bore Gauge Set for cylinders

Telescope gauges

- .250"-2.125" Telescope Gauge Set

Dial Calipers

- 6" Dial Caliper, .100"/revolution

Dial Indicators

- 1"-travel Dial Indicator, .100"/revolution, .001" graduations
- .200"-travel Dial Indicator, .100"/revolution, .001" graduations
- Magnetic Base Set for dial indicator

Specialty Micrometers

- Deck Height Micrometer (see page 8)
